Professional Summary

Lead AI Engineer with 10+ months of experience building enterprise AI platforms. Currently leading a team of 8 at Glimmora International, delivering scalable AI solutions. Contributed to a **Guinness World Record** achievement by delivering 12 AI platforms in a 24-hour hackathon. Skilled in Python, Django, React, LangChain, and cloud deployments. Transitioned from accounting to tech through self-learning, bringing strong analytical thinking and business awareness to software development.

Technical Skills

- **Languages:** Python, JavaScript, TypeScript, SQL, HTML, CSS
- **Frameworks/Libraries:** Django, Django REST Framework, FastAPI, React.js, LangChain
- **AI/ML:** LangChain, OpenAI API, Prompt Engineering, AI Platform Development
- **Backend & Database:** Django ORM, PostgreSQL, Redis, MongoDB
- **Cloud/Deployment:** AWS (EC2), Vercel, GCP, Docker
- **Integrations:** Razorpay, Google OAuth, Celery (Async Processing), WebSocket
- **Tools:** Git, GitHub, Postman
- **Practices:** RESTful APIs, JWT Authentication, Team Leadership, Agile

Work Experience

Lead AI Engineer

Apr 2025 – Present

Glimmora International, India

- Leading a team of 8 (5 developers + 3 interns) in enterprise AI platform development.
- Managing 2 primary projects and delivered 5 projects last month.
- Contributed **12 AI platforms** during Guinness World Record 24-hour hackathon (54 total platforms built).
- Architecting and overseeing development of scalable AI solutions using Python, Django, React, and LangChain.

AI Full-Stack Developer

Oct 2024 – Apr 2025

Glimmora International, India

- Developed AI-powered enterprise platforms using Python, Django, React, and LangChain.
- Built REST APIs and integrated AI workflows for various business solutions.
- **Promoted to Lead AI Engineer within 6 months** due to exceptional performance.

Accountant cum Manager

Aug 2021 – Dec 2023

Capital Petroleum and Spiceway Enterprises Pvt Ltd, Kerala

- Managed financial records and budgeting with 100% accuracy.
- Supervised daily operations and led a team, improving workflow efficiency.

Achievements

- **Guinness World Record Holder (May 2025):** Part of Glimmora International's record-breaking 24-hour AI Platform Development Hackathon. Personally contributed 12 out of 54 enterprise AI platforms built.
- **Rapid Career Growth:** Promoted from AI Full-Stack Developer to Lead AI Engineer in just 6 months.
- **Team Leadership:** Currently managing a team of 8 members including developers and interns.

Projects

Bit Code – Real-time Coding Battle Platform

Live: bitcode.live

Tech Stack: Python, Django, React.js, PostgreSQL, Celery-Beat, Redis, Docker, WebSocket

- Built scalable backend and REST APIs enabling real-time coding battles for users.
- Designed WebSocket + Redis Pub/Sub architecture to support low-latency communication.
- Implemented **ELO-based ranking system** for fair matchmaking.
- Developed a **custom compiler** with 3-language support (Go, JS, Python).
- Built multiple modes: **timed, ranked, 1v1, squad/team battles**, and **public/private rooms**.

BoomBlog – FastAPI Blog Application

Live: blog.yadhuu.live

Tech Stack: FastAPI, PostgreSQL, JWT

- Built blog platform with modular REST APIs and JWT authentication.
- Implemented endpoints for posts, comments, and user management.
- Leveraging async processing to handle concurrent requests efficiently.

Time Twist – E-commerce Website

Tech Stack: Django, PostgreSQL, Razorpay, HTML, CSS, Google Auth

- Built watch e-commerce platform with Razorpay payment integration.
- Implemented Google OAuth-based authentication for improved user onboarding.
- Delivered fully responsive UI ensuring mobile-first experience.

Education

Full-Stack Development Bootcamp

Apr 2024 – Oct 2024

Brototype, Kerala

- Intensive hands-on bootcamp focused on Python, Django, React.js, REST APIs, and deployment.
- Built multiple real-world projects including e-commerce platforms and real-time systems.

Bachelor of Commerce (B.Com)

2018 – 2021

Mahatma Gandhi University, Kerala

- Specialized in accounting and financial analysis. Transitioned into software development via self-learning.
